

Date	Time Elapsed (hr)	Contributor	Contribution [Github link: Comment]
2024-02-17	5	Brian	First iteration of auth code
2024-02-18	4	Brian	Continued work on auth code
2024-02-21	2	Brian	Further auth refinements and testing
2024-03-01	1	Brian	Code review and assistance to other team members
2024-02-24	3	Jeremy	Learnt how to use blender to create the home page animation (render #1) (didnt end up using that render)
2024-02-25	1	Jeremy	meeting with Annabel to decide colors for the wireframe and general layout of the pages
2024-03-07	0.5	Jeremy	Created the [USER STORY] Check-in Process #157
2024-03-05	1	Jeremy	Created a prototype for the browse vehicle page
2024-03-08	4	Jeremy	continued working on the browse vehicle page (to show to TA during demo)
2024-03-09	3	Jeremy	Finalized the browse vehicle page (added filter options and integrated the database to create a dynamic car search depending on your needs)
2024-03-08	0.2	Jeremy	Assisted Annabel with the integration of the blender animation on home page
2024-02-26	1.5	Jeremy	Edited the Blender render (changing the lighting, camera position and settings) to create a higher quality render (render #2) (used on the homepage)
2024-03-10	0.5	Jeremy	Edited the subtasks of the user story: Check-in Process so that they contain descriptions
2024-03-11	1	Nirav	Write meeting notes for meetings held during Sprint 2
2024-03-11	4	Nirav	Develop and Test Start a Reservation Client Feature
2024-03-11	1	Nirav	Code Review and Deliverable Management for Sprint 2
2024-03-09	3	David	Worked on #79 and #80. Added datatable components and added admin dashboard
2024-03-10	1	David	Worked on #79 and #80. Implemented functional table. Can view attributes when clicking.
2024-03-11	3	David	Worked on #79 and #80. Implemented CRUD with Prisma
2024-03-11	1	David	Code Review and Deliverable Management for Sprint 2
2024-02-26	0.5	David	Tidy up on the Wiki and implemented workflow diagrams for the team
2024-02-26	3	David	Co-developed the issue graph tracking with excel.
2024-02-25	1	Annabel	Meeting with Jeremy to decide colors for the wireframe and general layout of the pages (Subtask #66 and #44)
2024-03-08	0.5	Annabel	Wrote 2 User Stories (#167 and #169), along with their Sub-Tasks
2024-02-29	2	Annabel	Started implementing User Story #83 (FrontEnd: UI/UX).
2024-03-10	4	Annabel	Worked on SubTask # 97 (Created Header and Footer), #93 (Create a HomePage), #83 (Create a Navigation Menu)
2024-03-06	3	Annabel	Worked on and completed Sub Task #93 (Design website logo)
2024-03-07	4	Nathan	Implemented dashboard showing customers reservations (https://github.com/NathanGrenier/SOEN-341/issues/84)
2024-03-05	2	Nathan	Started work on reservation details page (https://github.com/NathanGrenier/SOEN-341/issues/85)
2024-03-09	2	Nathan	Implemented reservation cancellation functionality (https://github.com/NathanGrenier/SOEN-341/issues/86)
2024-03-11	6	Nathan	Automated integration and deployment using github actions (https://github.com/NathanGrenier/SOEN-341/issues/68)
2024-03-03	0.5	Nathan	Wrote the plan next sprint wiki page (https://github.com/NathanGrenier/SOEN-341/issues/107)

Team Member	Sprint 2 Total Hours	Total Hours To Date
Annabel	10.5	15.25
Brian	12	16.75
David	11.5	16.1
Jeremy	14.7	18.95
Nathan	14.5	19.5
Nirav	6	19.5
