Key Discussion Points

Point	Description
1	Task Rundown Presentation - David presented the task rundown.
2	Attendee Update - Annabel left the meeting at 10:30 AM.
3	Note-Taking Assignment - Nirav is assigned to write the notes for the first meeting.
4	Sprint 1 Immediate Issues - David created immediate issues that need to be done for Sprint 1.
5	Sprint 2 Preparation - Preparation for the next sprint is unclear and will need further clarification by the TA.
6	Database Schema Design Assignment - Brian is assigned to design the database schemas using Prismalizer following clarifications with the TA on Friday.
7	User Story Assignment - We have divided the six main user stories of the first sprint among the six members.
8	Wireframes Production - We are waiting until Friday to determine who and how we will be producing the wireframes (both front and backend related ones).
